

## Summary of the gov.uk travel advice

Information correct at 21<sup>st</sup> May 2021 @15:45

FCDO advises against all non-essential international travel to some countries and territories.

You can search for advice by country here: <https://www.gov.uk/foreign-travel-advice>

Advice is currently NOT to travel on a cruise ship.

### Before you travel

Follow COVID rules for where you live

Check for entry restrictions, testing or quarantine requirements

- COVID tests should be done through a private test provider (<https://www.gov.uk/government/publications/list-of-private-providers-of-coronavirus-testing>) and need to be negative prior to travel
- Vaccination status can be shown using the NHS App or a letter from your GP

If flying, face coverings need to be worn on flights

Accommodation providers should have COVID safety measures in place

### When you're abroad

Follow the travel advice

Comply with changing restrictions to manage local outbreaks

If positive for COVID during your stay, you must follow local guidance

Travel restrictions may delay the return journey

### Prepare to return to the UK

Before entering the UK you must:

- Take a COVID test up to 3 days before departure and show a negative test result when you arrive in the UK (even if you are returning home)
- Fill in the passenger locator form
- If you are returning from
  - a country on the **red** list (<https://www.gov.uk/guidance/red-amber-and-green-list-rules-for-entering-england#red-list>), or have gone through it in the past 10 days, you must book a stay in a managed quarantine hotel (MQH) (<https://www.gov.uk/guidance/booking-and-staying-in-a-quarantine-hotel-when-you-arrive-in-england>)
  - A country on the **amber** list (<https://www.gov.uk/guidance/red-amber-and-green-list-rules-for-entering-england#amber-list>), or been through one in the past 10 days, you must quarantine at home for 10 days (<https://www.gov.uk/guidance/how-to-quarantine-when-you-arrive-in-england>) and take a COVID test on day 2 and day 8 by booking with a provider (<https://www.find-travel-test-provider.service.gov.uk/test-type/amber>)
  - A country on the **green** list (<https://www.gov.uk/guidance/red-amber-and-green-list-rules-for-entering-england#green-list>) you must take a COVID test on day 2 after you arrive. You do not need to quarantine unless the test result is positive or you asked to quarantine by NHS test and trace and told that you travelled to England with someone who has tested positive

### When you arrive in the UK

Follow the rules that apply for the country or countries that you have visited, unless you are exempt.
