Are you a parent who finds it tough to manage strong emotions? Are you worried about your child's behaviour?

Would you be interested in participating in research on a new parenting group?

We are looking for parents of children, **aged 2-11**, who are worried about their child's behaviour to take part in research on a **new parenting group**. Being a Parent- Enjoying Family Life is for parents who may be experiencing **strong emotions** which spillover into their parenting, who may **struggle to trust** in relationships/friendships or may have experienced challenging childhoods or invalidating relationships with their own parents.

We want to test whether BaP-EFL helps parents better than the original EPEC-BaP groups. BaP-EFL and EPEC-BaP are both ran **by parents, for parents.**

If you are interested and eligible for the study, you will receive either BaP-EFL or original EPEC-BaP **parenting groups**. The groups last between **9-10 weeks** for **2 hours** and cover topics such as **managing stress, positive parenting strategies and communication skills**. A creche will be provided if needed.

Parents will also be asked to complete online questionnaires and an at home interview before, after and 6 months after attending the group. You will receive **up to £85** for your participation in these questions

To find our more and register your interest, please follow this link: https://kclbs.eu.qualtrics.com/jfe/form/SV_3luWeTjmKHZaKYC

Or scan the QR code with the camera on your smart phone. A researcher will contact you via email or phone to give you more details on the study. Alternatively, please contact Ellie Baker (PhD student) at ellie.baker@kcl.ac.uk for further information.
