

Feedback on Lewisham School Nursing services

Lewisham Council are reviewing School Nursing services in the borough. This includes school entry health screening, immunisations, healthy weight programmes, and safeguarding.

We are keen to hear from local families about your experience of School Nursing including any issues we should be focusing on, and what our future priorities should be.

We want to make sure that we design services that reflect the needs of all children and families in Lewisham, and your views are a vital part of this process.

Your feedback will help us to design and deliver the School Health Service for local families over the next 2-5 years.

Please click the link below to complete the survey. **There are 11 questions and it should only take you 15 minutes to complete.**
