

## We are learning about number, place value, addition and subtraction

At Sandhurst School we follow White Rose Maths. It is a practical based program that allows children to explore Maths through the use of equipment and gain a deeper understanding through reasoning and problem solving.

For more information please visit <https://whiterosemaths.com/for-parents/>.

### In Maths we will be:

- Counting and representing numbers to 100.
- Estimating numbers on a number line in 1s, 2s, 5s and 10s
  - Recalling number bonds to 20
  - Counting objects to 100 by making 10s
  - Partitioning numbers within 100
    - Comparing numbers
    - Writing numbers as words
- Counting forwards and backwards in 2s, 5s and 10s
  - Counting in 3s
- Adding and subtracting two 2-digit numbers

Some equipment and images your child will be using are:

### Mathematical talk

Do you notice a pattern? What does 'teen' tell us about a number? How many groups of 10 can you see? How many tens? How many ones? What do  $>$   $<$   $=$  mean? Can you prove...

Key Vocabulary: tens, ones, more than, less than, equal

### ICT Links

### Maths Strategies

Knowing how many tens and ones are in number.

1 ten and 7 ones

Applying this to support with addition.

$$|| \bullet + | \quad 21 + 10 = 31$$

### Maths Passports

Your child will also be working on their targets in their Maths Passport.
